

Clothes We Wear

Chapter 4: Clothes We Wear · Topic 1

Key Concept

We wear light cotton clothes in summer to stay cool, and warm woollen clothes in winter to stay warm.

During the rainy season, we often wear raincoats or carry umbrellas to stay dry.

We wear different clothes for different occasions too, like school uniforms for school or special clothes for festivals.

Clothes also protect our skin from the sun, cold, and other elements, keeping our body safe and comfortable.

Quick Revision Notes

- We wear light cotton clothes in summer.
- We wear warm woollen clothes in winter.
- We wear raincoats during the rainy season.
- We wear school uniforms for school.
- We wear special clothes for festivals.
- Clothes protect our skin from the sun and cold.
- Clothes keep our body safe and comfortable.
- We choose clothes based on weather and occasion.

Practice Questions

- 1 Discuss what you wear in summer and winter.
- 2 Draw a picture of clothes for a rainy day.
- 3 Talk about your school uniform.
- 4 Name a special outfit you wear for a festival.
- 5 Discuss why clothes protect our skin.
- 6 Sort pictures of clothes by season.
