Key Concept

[illegible][illegible][illegible]

1. 本報告係根據本公司及子公司之會計帳簿及記錄，以公允合理之會計原則及核算方法所編製，與本公司及子公司之會計帳簿及記錄無異。

Quick Revision Notes

- **QUESTION:** What are the main components of a system?
- **ANSWER:** The main components of a system are the hardware, software, and people.
- **QUESTION:** What is the role of the hardware in a system?
- **ANSWER:** The hardware provides the physical infrastructure for the system, including the computer, network, and storage devices.
- **QUESTION:** What is the role of the software in a system?
- **ANSWER:** The software provides the instructions and data that the hardware uses to perform the system's functions.
- **QUESTION:** What is the role of the people in a system?
- **ANSWER:** The people are the users of the system, who interact with the hardware and software to perform the system's functions.
- **QUESTION:** What is the role of the data in a system?
- **ANSWER:** The data is the information that the system processes, stores, and transmits.
- **QUESTION:** What is the role of the network in a system?
- **ANSWER:** The network connects the hardware and software components of the system, allowing them to communicate and share data.
- **QUESTION:** What is the role of the storage in a system?
- **ANSWER:** The storage provides a place for the system to store data, so that it can be retrieved and used when needed.

Practice Questions

- [illegible]
