

Vocabulary and Language Practice - The Four Seasons

Chapter 8: The Four Seasons · Topic 2

Key Concept

Season and weather words include 'hot', 'cold', 'rainy', 'sunny', 'umbrella', 'sweater', and 'flowers'. Learning these words helps us describe the weather around us.

We can practice sentences like 'It is hot in summer' or 'I wear a sweater in winter' to connect seasons with actions and clothing.

We can also learn words describing what we do in each season, like 'swim' in summer, or 'splash' in the rain during monsoon.

Combining season names, weather words, and activity words helps us describe a full seasonal scene, like 'In summer, it is hot, and I like to swim.'

Quick Revision Notes

- Weather words include hot, cold, rainy and sunny.
- Season-related items include umbrella, sweater and flowers.
- We use these words to describe the weather.
- We can make sentences connecting seasons with clothing.
- Activity words include swim (summer) and splash (monsoon).
- Activity words describe what we do in a season.
- Combining words describes a full seasonal scene.
- 'In summer, it is hot, and I like to swim' combines multiple word types.

Practice Questions

- 1 Make a sentence using the word 'hot'.
- 2 Make a sentence using the word 'umbrella'.
- 3 List two things you wear in summer.
- 4 Draw a picture showing your favourite season's weather.
- 5 Make a sentence combining a season and an activity, like swimming.
- 6 Describe your favourite season using three different words.
