

Topic 1: Informative Article Writing

Chapter 2: Composition and Comprehension · Topic 1

Key Concept

An informative article starts with an engaging introduction, presents facts in organised paragraphs, and ends with a summary or conclusion.

Unlike opinion pieces, informative articles present balanced facts without personal bias, focusing on accuracy and clarity.

Using headings, bullet points, and clear paragraphs helps organise information logically, making it easier for readers to follow.

Researching a topic thoroughly before writing ensures the information presented is accurate and valuable to readers.
