

Practice and Revision - Our Helpers in the Neighbourhood

Chapter 1: Our Helpers in the Neighbourhood · Topic 2

Key Concept

Doctors help us stay healthy by treating illnesses, while teachers help us learn new things at school.

Police officers help keep our neighbourhood safe by maintaining order and helping people in trouble.

Other helpers, like postmen and shopkeepers, also make our daily lives easier by delivering mail or selling us things we need.

We should respect and thank our neighbourhood helpers for the important work they do for our community.

Quick Revision Notes

- Doctors help us stay healthy.
- Teachers help us learn at school.
- Police officers keep the neighbourhood safe.
- Postmen deliver mail.
- Shopkeepers sell us things we need.
- These are all neighbourhood helpers.
- We should respect our helpers.
- Helpers make our daily lives easier.

Practice Questions

- 1 Name five helpers in your neighbourhood.
- 2 Draw a picture of a helper and their job.
- 3 Discuss how a doctor helps you.
- 4 Talk about a helper you met recently.
- 5 Explain why we should thank our helpers.
- 6 Role-play being a neighbourhood helper.
