

Topic 2: Personal Pronouns

Chapter 1: Grammar - Tenses and Pronouns · Topic 2

Key Concept

Personal pronouns replace specific nouns, like using 'she' instead of repeating a girl's name multiple times in a sentence.

Subject pronouns (I, you, he, she, it, we, they) are used as the subject of a sentence, performing the action.

Object pronouns (me, you, him, her, it, us, them) are used as the object of a sentence, receiving the action.

Using personal pronouns correctly makes our writing and speaking smoother and avoids unnecessary repetition of names.
