

Grammar - Verbs and Tenses

Chapter 2: Grammar - Verbs and Tenses · Topic 1

Key Concept

Present tense describes actions happening now, like 'I play' or 'She runs,' showing current activities.

Past tense describes actions that already happened, like 'I played' or 'She ran,' often adding '-ed' to the verb.

Future tense describes actions that will happen, like 'I will play' or 'She will run,' using the word 'will.'

Understanding verb tenses helps us communicate clearly about when events happen, whether now, before, or later.

Quick Revision Notes

- Verbs show actions.
- Tenses tell us when the action happens.
- Present tense: happening now (I play).
- Past tense: already happened (I played).
- Past tense often adds '-ed'.
- Future tense: will happen (I will play).
- Future tense uses the word 'will'.
- Tenses help communicate timing clearly.

Practice Questions

- 1 Write a sentence in present tense.
- 2 Write a sentence in past tense.
- 3 Write a sentence in future tense.
- 4 Change 'I walk' to past tense.
- 5 Change 'She sings' to future tense.
- 6 Identify the tense in 'They played yesterday.'
