

Reading and Understanding 'Simple Words and Sentences'

Chapter 2: Simple Words and Sentences · Topic 1

Key Concept

Simple words, like 'cat', 'run', and 'happy', are the building blocks we use to form sentences.

A sentence usually has a naming word (like 'dog') and an action or describing word (like 'runs' or 'is happy').

We start a sentence with a capital letter and end it with a full stop, question mark, or exclamation mark.

Practising forming simple sentences helps us express our ideas clearly when speaking and writing.

Quick Revision Notes

- Simple words are building blocks for sentences.
- Examples include 'cat', 'run' and 'happy'.
- A sentence has a naming word and an action word.
- Sentences start with a capital letter.
- Sentences end with a full stop, question mark or exclamation mark.
- Forming sentences helps us express ideas.
- Practice improves our sentence-making skills.
- Clear sentences help us communicate well.

Practice Questions

- 1 Make a sentence using the word 'happy'.
- 2 Write three simple sentences.
- 3 Find the naming word in a sentence you make.
- 4 Practice starting sentences with a capital letter.
- 5 Add a full stop to the end of your sentences.
- 6 Say a sentence about your day.
