

Respecting Diversity

Chapter 6: Living in Harmony · Topic 2

Key Concept

Diversity means having differences, like different languages, foods, clothes, and religious beliefs among people in the same country or community.

Respecting diversity means treating people from different backgrounds with kindness and not judging them based on their differences.

Learning about other cultures and traditions helps us understand and appreciate the richness that diversity brings to our society.

When we respect diversity, our communities become more welcoming, peaceful, and united, even though people may be different from each other.
