

Vocabulary and Language Practice - A Farm

Chapter 5: A Farm · Topic 2

Key Concept

Farm animal names include 'cow', 'hen', 'duck', 'goat', and 'pig'. Sound words include 'moo' (cow), 'cluck' (hen), 'quack' (duck), and 'bleat' (goat).

We can practice matching each animal to its correct sound word in simple sentences, like 'The cow says moo.'

We can also learn farm-related action words, like 'feed', 'milk', and 'water', which describe what farmers do for animals and crops.

Combining animal names, sound words, and farm action words helps us describe a lively farm scene in detail.

Quick Revision Notes

- Farm animal names include cow, hen, duck, goat and pig.
- Sound words include moo, cluck, quack and bleat.
- Each animal has its own special sound.
- We can match animals with their sounds in sentences.
- Farm action words include feed, milk and water.
- These words describe what farmers do.
- Combining word types describes a lively farm scene.
- 'The farmer feeds the cow' uses a farm action word.

Practice Questions

- 1 Match five farm animals to their sounds.
- 2 Make a sentence like 'The cow says moo.' for two more animals.
- 3 Draw and label a farm animal with its sound.
- 4 Practice making farm animal sounds with a friend.
- 5 Make a sentence using the action word 'feed' or 'water'.
- 6 Describe a farm scene using animal names, sounds and actions.
